

WELCOME TO 2050

where are you going?

In what follows, you will enter a brand new dystopian world. Be ready for it. This is the universe AMMUN is going to take place in. You should be aware of the big lines of this background in order to be able to efficiently defend your country, in a context where the world is collapsing.

However, we want to emphasize the fact that one of AMMUN's goal is to allow you to be imaginative and creative. Thus, the idea here is to use the background as a basis to make the conference yours. Be bold. It is time to become the actors of your own reality.

AMMUN 2084

WELCOME TO 2050

where are you going?

Disclaimer : we don't pretend to predict the future. This is our own imagination, based on evidence from futuristic articles and videos. We have inclosed some of them. Feel free to explore them. Enjoy your tour in 2050.

N.B. : The world the conference takes place in approximately three decades from today. The name "AMMUN 2084" is only a reference to the dystopia 1984 by George Orwell to show the conference's spirit.
